WhiteMagic Hybrid Room is designed for educators and trainers to carry out physical and virtual classes concurrently while maintaining high quality communication. The WhiteMagic Hybrid Classroom caters for both online and physical learning simultaneously.

“the pandemic has created the largest disruption of education systems in history, affecting nearly 1.6 billion learners in more than 190 countries and all continents.”

United Nations. (2020). Policy Brief: Education during COVID-19 and beyond.

WhiteMagic Hybrid Room, a setup that systematically increases conventional classroom flexibility for remote learning that caters for both online and face-to-face learning simultaneously. Technically designed to provide a smooth and seamless experience.

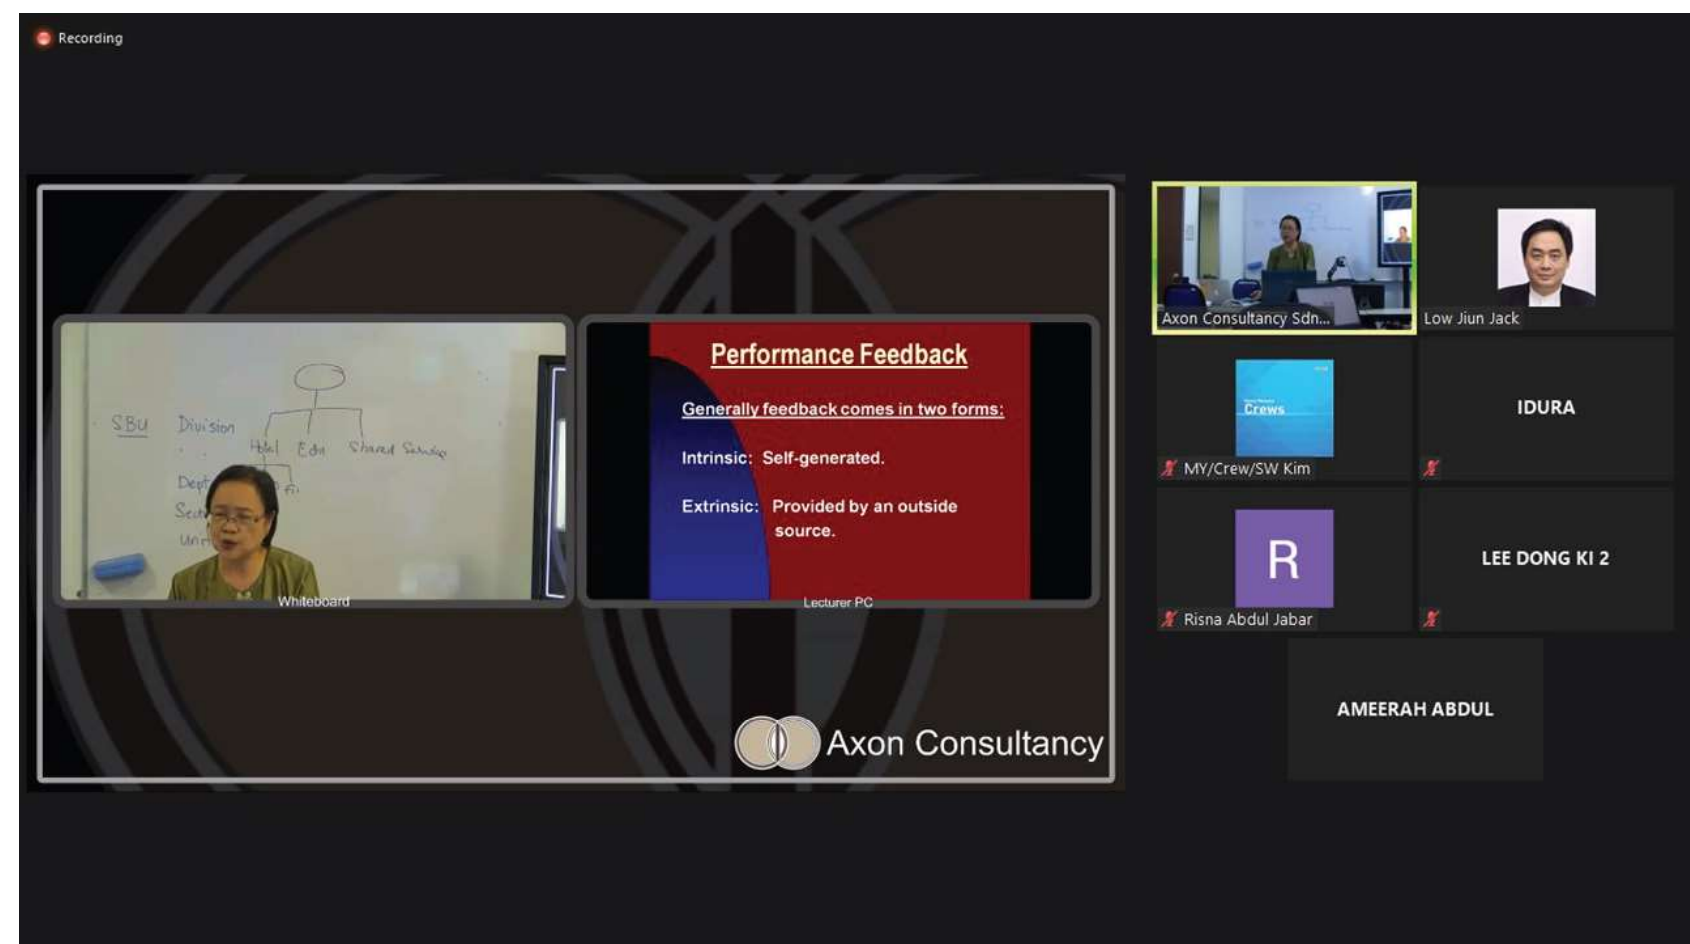

Teacher using Hybrid Classroom having intellectual discussion with both online students as well as face-to-face students. This picture has 4 online students while there were 1 physical student having discussion.

The WhiteMagic Hybrid Room can be seamlessly integrated with the commonly used online meeting softwares, for example Microsoft® TEAMS, Skype®, Zoom®, Cisco Webex® and more.

The solution allows multiple camera views to be controlled by the teacher. This provides images that are of good quality, flexible and multi-angled. Students will have real-time, quality interaction with their teacher.

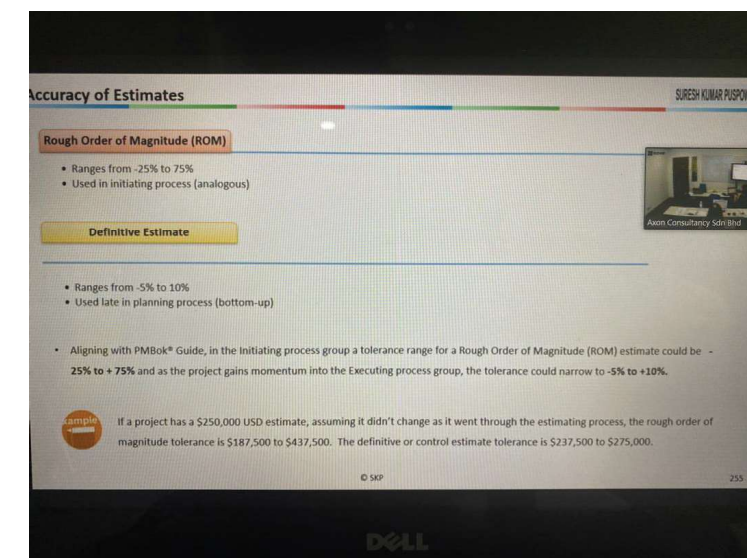

Online students can see all visual on both whiteboard as well as on projector while attending classes. This teacher was explaining Human Resource Management's Performance Feedback and she drew an organisation chart on the whiteboard while explaining.

WhiteMagic

△ Teaching using WhiteMagic Hybrid Classroom allows teacher to use own presentation tools. Both online as well as face-to-face students will see the same presentation that appears on the projection.

△ Student may select to see the shared information.*

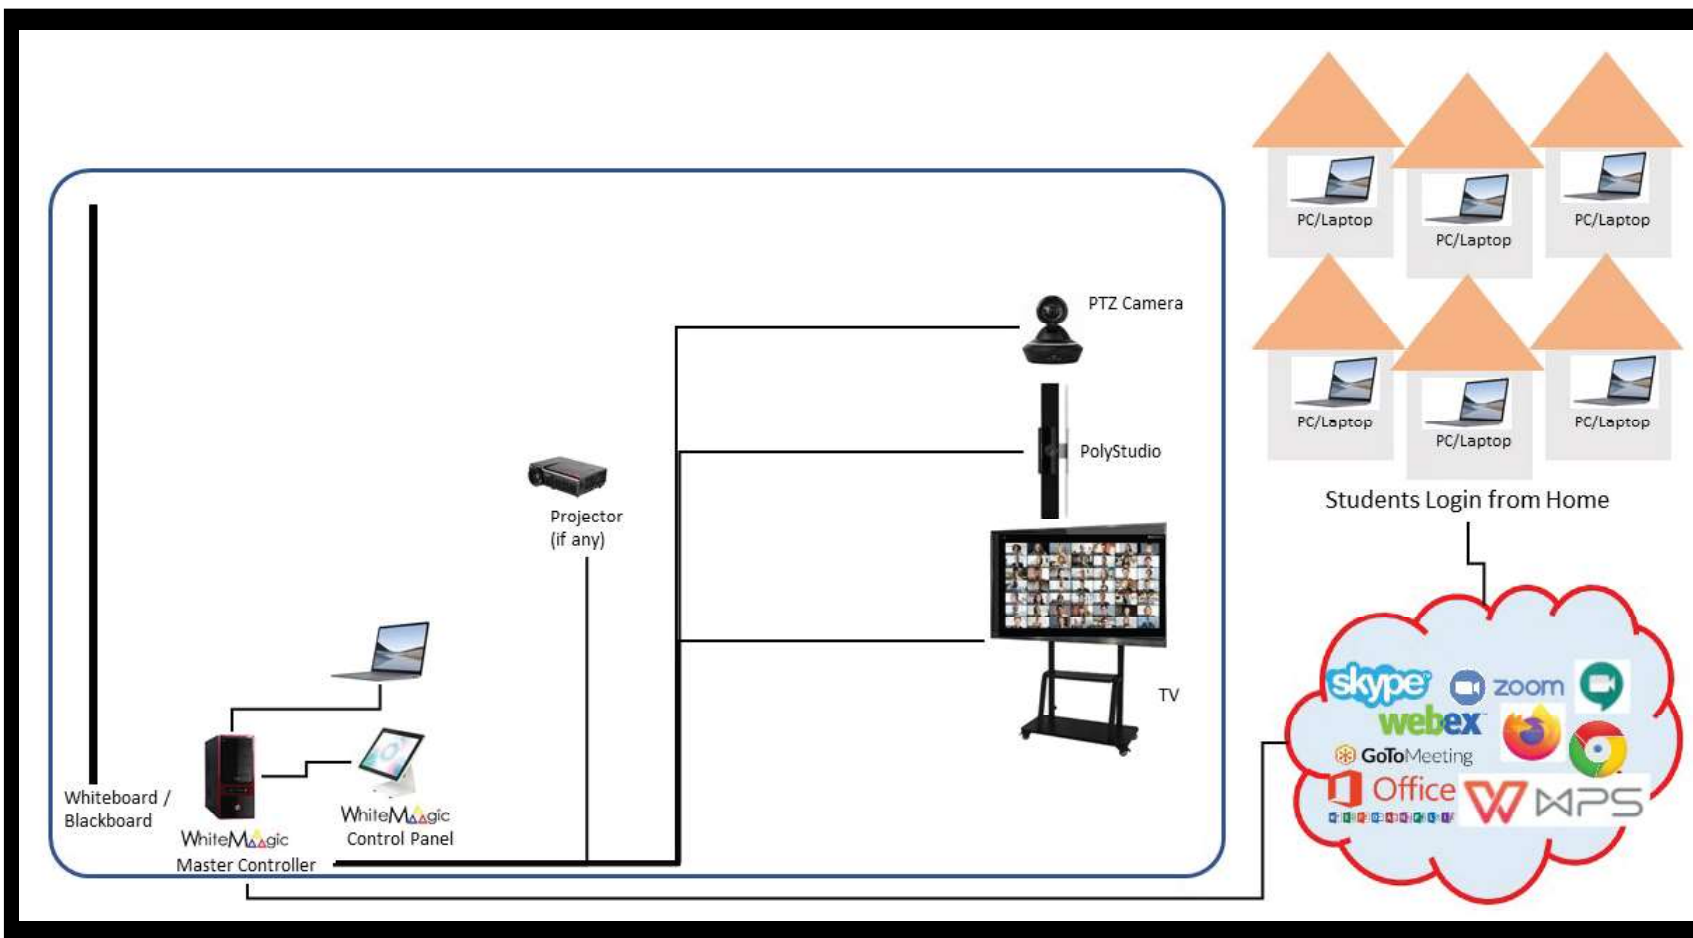

△ Student may select to see the teacher.*
* subject to the chosen software for the objective.

WhiteMagic Hybrid Room solution can be used for school classes, university lectures as well as training programmes, knowledge acquisition will no longer be a binary choice between face-to-face and online options, instead, teachers, remote students and in-class students are now able to stay connected and communicate simultaneously.

△ The WhiteMagic Hybrid Classroom infrastructure can be expanded to work with four (4) cameras to provide online participants with views from multiple dimension.

△ Semantics diagram for a basic WhiteMagic Hybrid Classroom setup which provide provision to reuse existing equipments that the classroom may already have installed.

△ A postnatal massaging class was successfully delivered using WhiteMagic Hybrid Classroom to 5 face-to-face participants while there was one online participant.

WhiteMagic Hybrid Room allows delivery of classes without borders, ensuring education continuity during a lockdown or when students return in full in their learning institutions.

The WhiteMagic Hybrid Classroom caters for both online and physical learning simultaneously.

Remote students may have virtual and yet vivid learning experience, as if they are physically present in the actual classroom.

△ Classroom/Training room layout for a basic WhiteMagic Hybrid Classroom setup which provide provision to re-using existing equipments that the classroom may already have installed.

△ WhiteMagic Hybrid Classroom can also be setup for Schools, Universities, Colleges and Training Institution classrooms, training rooms and tutorial rooms.

△ WhiteMagic Hybrid Classroom can also be setup for large size lecture halls.

Opportunities for joint classes or programmes are now made possible for inter-institution collaborations - a cost effective opportunity for business expansion regardless of the pandemic.

With the WhiteMagic Hybrid Classroom implemented, education establishments can expand their classes beyond the classroom walls. ▷

△ Writings on whiteboard are clearly projected across to students online as well as the students in the room. This also overcomes the traditional student's eyesight challenge.

People Said These After Trying...

Caredemy Training Center

“ We wish to pay Axon Consultancy a gratitude as their classroom is very well equipped and provided me a very good online teaching experience. **Their latest equipments could provide viewer with different angle of teaching and hands on practical classes.** The new method enable lecturers as well as students to obtain a holistic picture of teaching and learning experience. Ours students were excited and happy to learn via the new technology. I believe this inaugural teaching facility available in Malaysia. ”

“ As a training facilitator for many years, I have cooperate with a number of training centers and organization. I have found thus far working with Axon consultancy most satisfying because of the following reasons :

- a) The hybrid classroom set-up is the best in terms of the up-to-date equipment provided and support given in areas of administration and standby throughout the training sessions.
- b) Testing and trial run are always carried out effectively to ensure no hiccups during the duration of training days.
- c) Friendly and supportive team from Axon has made training days to be comforting and stress free.
- d) **Can't find a better partnership than this.** ”

Eunice Lee, Principal Consultant, HCDC Solutions Sdn Bhd

“ I had the privilege of using WhiteMagic Hybrid Room to teach my Project Management students who were part of the MBA program under University of West of Scotland. It's a system which is very easy to use and efficient. I could do a classroom session for students who were in the class and also for students who connected in using the online platform. **There were no compromise on the quality of teaching and everyone benefitted.** This is an excellent teaching tool and I would definitely recommend it. ”

Suresh Kumar, Director, Experiential Business Learning Malaysia
